The Majestic Theatre

## CENTER STAGE

Step into a slice of history at the **Majestic Theatre**, which first opened its doors in 1913 thanks to Johnson Porter, the grandson of one of Corvallis' founding settlers. This charming venue is not just a local landmark, it proudly holds the title of the oldest intact theater house in Corvallis. Originally decked out in Louis XV frescoes, the Majestic has welcomed a dazzling array of international and local talent, from musicians and singers to vaudeville performers and opera stars. After a community-led renovation in 1990, the theater was reborn, offering a diverse lineup of performances throughout the year. Dive into its rich legacy and check out what's coming up next by visiting [majestic.org](http://majestic.org).

With its Italian Renaissance flair, the **Whiteside Theatre** was brought to life in 1922 by the visionary Whiteside brothers, early players in Corvallis' film scene. Once hailed as one of Oregon's grandest theaters, the Whiteside

Midway Drive-In Theatre Marquee

continues to shine brightly in the community. In the process of completing a renovation, the theater has been added to the National Register of Historic Buildings and offers a selection of classic films, concerts and special events that keep the spirit alive.

For a whimsical touch of nostalgia, don't miss the marquee from the former **Midway Drive-In Theatre**. Now located at 134 SW First Street, this sign from yesteryear has been transformed into a canvas for poetry, adding a playful twist to traditional movie listings.

## The Arts Center

Nestled in an 1889 Episcopal church built in the Carpenter Gothic style, **The Arts Center** is a cultural treasure and the kick-off point for the Corvallis Art Walk. Featured in *The New York Times*, this vibrant hub offers art classes for all ages, captivating exhibits and a gift shop filled with creations from local and regional artists. ## BIRDING BLISS

Discover the colorful world of birding in the mid-Willamette Valley, a birdwatcher's paradise. Situated in the path of the Pacific Flyway, a major migratory route extending from Alaska to Patagonia, countless bird species rest and refuel during seasonal journeys between breeding and wintering grounds. Make the most of your birdwatching adventure with an expertly guided experience led by Corvallis-based **Nature in Flight Tours**.

### Species Diversity

At least 465 bird species can be found in Oregon, and 206 of them are easily spotted within a 30-mile radius of Corvallis. This impressive species diversity is due to the state's varied habitats and climates, from 300 miles of coastline to sheltered valleys between two major mountain ranges, creating an ideal stopover for migratory birds year-round. Whether you're

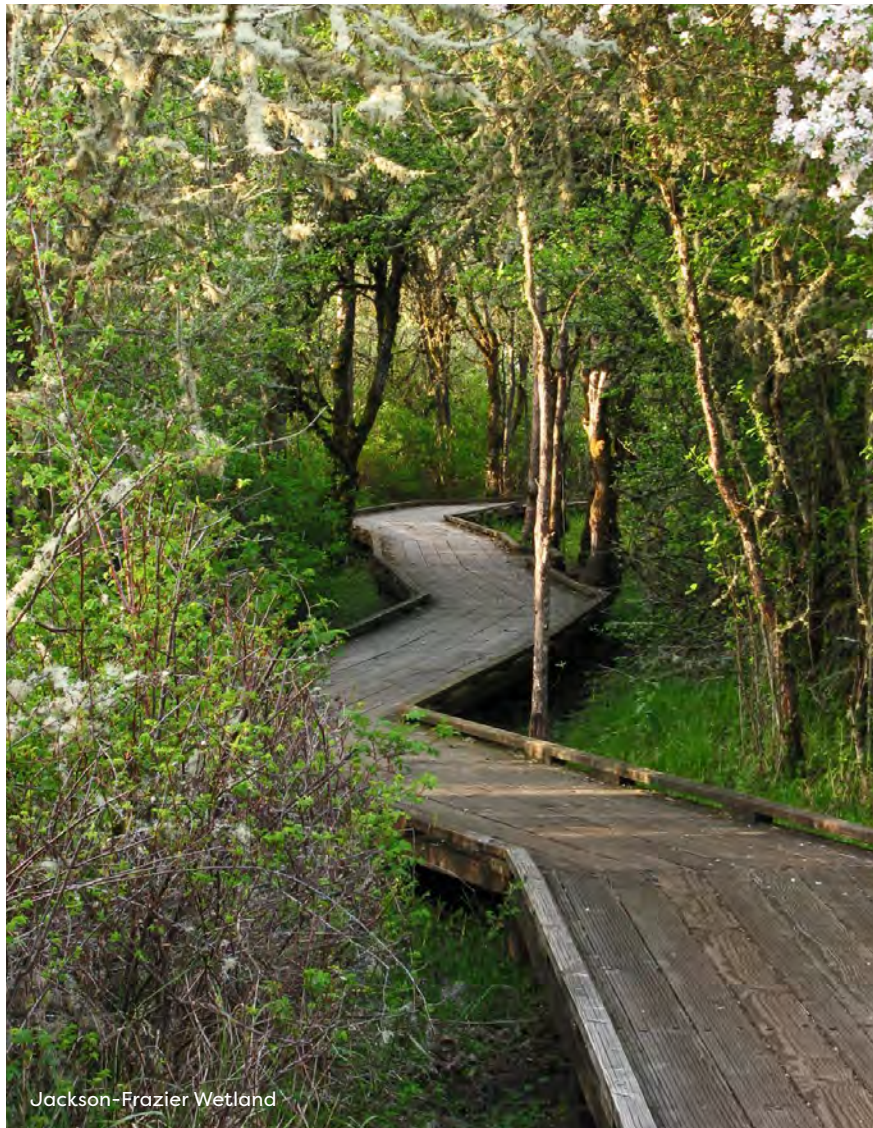

birdwatching from your backyard or exploring the many refuges nearby, the region's rich avian life promises an unforgettable experience.

### Must-Visit Birding Locations

Begin your day with a visit to **Chintimini Wildlife Center** to enjoy an educational tour and meet rescued birds up close. Then head to **E. E. Wilson Wildlife Area** and **William L. Finley National Wildlife Refuge**, both within a short drive of Corvallis, to explore wetlands, prairies, forests and farmlands that provide essential winter habitats for various geese and other migratory birds. ## WILLAMETTE RIVER CRUISIN’

With 187 miles of pristine waterways, the **Willamette River Water Trail** awaits for refreshing adventures. As it flows through Benton County, the river invites paddlers to discover scenic meadows, dense forests and welcoming parks along its shores.

Grab a kayak, paddleboard or drift boat and create a custom-designed getaway, whether it’s a day trip or a multi-day journey with overnights at campsites dotting the trail. To ensure an enjoyable experience for all, be courteous, respect property rights and, as always, leave no trace to protect the natural riparian beauty.

Before heading out, visit [willamettewatertrail.org](http://willamettewatertrail.org) for essential planning resources, including recommended packing lists highlighting the proper gear and PFDs for river safety; details on required Waterway Access Permits (WAP); suggested routes and itinerary inspiration; and downloadable maps for identifying campsites, understanding river features, obtaining information about shuttling, and delving into the rich history of the region. Happy paddling!

### Cast a Line!

Anglers, rejoice! Within an hour’s drive from Corvallis, tried-and-true fishing spots abound—from open ocean waters and peaceful estuaries to mountain streams, high-country lakes and rushing rivers.

As it meanders by Corvallis, the **Willamette River** delivers excellent fishing opportunities throughout the

year. Spring sees runs of salmon and steelhead, while smallmouth bass can be found in every season. Use the Willamette River Water Trail for convenient boat launches and bank fishing access points.

Affectionately dubbed “The Lucky” by locals, the **Luckiamute River** in the Coast Range joins the Willamette just north of Corvallis. Particularly rewarding in spring when cutthroat trout are abundant, novice anglers thrive in the Luckiamute’s forgiving waters, making it an ideal spot to hone your fishing skills.

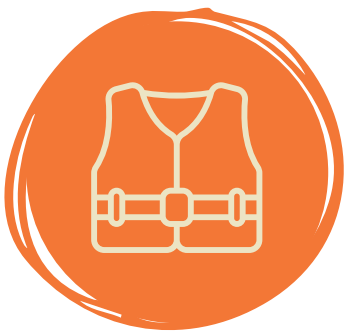

Venturing roughly 30 minutes southwest of Corvallis brings you to the **Alsea River’s** birthplace where the North and South Forks merge near the town of Alsea. From there, the river winds through the Coast Range before meeting the Pacific Ocean at Waldport. Autumn brings Chinook salmon runs to the Alsea, while winter sees the waters teeming with hatchery steelhead.

For expert local information, head to **Watershed Fly Shop** in downtown Corvallis. There, you can gear up, gather advice on seasonal fish locations and book an expert guided tour to make the most of your fishing experience. If you’re heading out without a guide, consult the Oregon State Marine Board’s and the Oregon Department of Fish & Wildlife’s Willamette Valley website for current recommendations, tips and fishing regulations for a safe and worry-free adventure. Don’t forget to obtain a fishing license before casting your line!

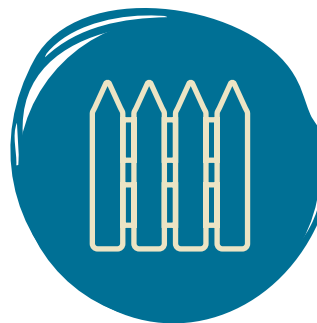

## WATER SAFETY

Get ready for fun-filled days on Corvallis' beautiful and diverse waterways! These water-wise tips will ensure a safe and responsible adventure, whether you're embarking on an afternoon paddle or heading out for a multi-day trip.

### Wear a Lifejacket

Personal floatation devices (PFDs) save lives! Oregon state law requires children 12 and younger to wear a U.S. Coast Guard-approved lifejacket, and all watercrafts must carry one PFD per person on board to protect from the unpredictability of water play.

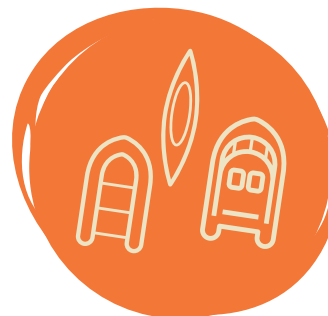

### Respect Private Property

Unless otherwise noted on a sign or map, assume land along waterways is privately owned. Be thoughtful and aware, and respect all signs that warn against trespassing or hunting.

### Be Prepared

Bring along a sound-producing device and an all-around white light for fog or darkness when engaging in water sports and activities.

### Share the River

Know what is around you at all times when on the water! Listen for motorboats approaching and cluster together in groups to allow them to pass safely.

### Carry a Permit

Be sure to carry an Oregon State Marine Board Waterway Access Permit if your paddle craft is 10 feet or longer. Skipping this essential step may result in a fine.

### Leave No Trace

Abiding by the Seven Principles of Leave No Trace will help protect the region's natural beauty. Plan ahead, dispose of waste properly and respect wildlife.

## CYCLING HAVEN

Corvallis has been recognized as a gold-level bicycle-friendly community by the League of American Bicyclists since 2003. Whether you're a dedicated cyclist or a casual rider, the region's myriad trails offer exploration and enjoyment.

### Local Resources and Support

Discover the perfect trail for your mountain, town or gravel bike at [therighttrail.org](http://therighttrail.org) or the AllTrails app. Corvallis bike shops—including **Corvallis Cyclery**, **Corvallis Electric Bicycles**, **Electric Avenue Corvallis** and **Peak Sports**—provide maps, gear and expert advice to help you make the most of your ride. For additional cycling inspiration and information, see [visitcorvallis.com](http://visitcorvallis.com) and connect with the **Corvallis and area Mountain Biking Group**, **Mid-Valley Bicycle Club** or the **Mid-Valley Gravel Grinders**. Find up-to-date trail information online at **Team Dirt** and **OSU Research Forest's** websites.

## GRAVEL THRILLS

In the heart of the lush Willamette Valley, Corvallis is a playground for gravel biking enthusiasts. Surrounded by forests, rolling hills and quiet rural roads, the region offers diverse routes suitable for every skill level.

### Top Spots for Gravel Biking

The **McDonald-Dunn Forest** is a favorite among riders, offering a vast network of shaded forest roads and trails with varied terrain. Easily accessible from the **Lewisburg Saddle** trailhead, this area caters to both casual gravel bikers and seasoned adventurers. For stunning views, the **Bald Hill to Fitton Green** route combines smooth gravel paths with moderate climbs, culminating in panoramas of the Willamette Valley. Access the **Corvallis-to-the-Sea Trail (C2C)** for rides through diverse landscapes. Climb up and over Cardwell Hill to ride by peaceful wineries, or get immersed in the beautiful Suislaw Forest to explore the trails of the Marys Peak area. If you're up for a challenge, climb the steep gravel road to the top of **Marys Peak** for rewarding vistas at the summit.

### Plan Your Ride

Gravel routes vary in difficulty. Follow these tips to prepare accordingly. Equip your bike with tires suited for gravel surfaces, as some roads can be loose or muddy, especially during the rainy season. Navigation tools like GPS devices or apps such as Komoot or Ride are helpful, as cell service may be limited in remote areas. Adventure awaits!

Don't miss the hand-built singletrack trail named No Secret for 1.3 miles of jibs and pops, along with plenty of roots and rocks for technical fun. Hone your skills at the **Bald Hill Natural Area** where well-maintained dirt roads lead to scenic views. Extend your ride by connecting to the 308-acre **Fitton Green Natural Area**, and be sure to look out for local wildlife along the way.

**Alsea Falls Recreation Site**, located just 25 miles south of Corvallis, boasts rolling terrain, banked turns, steep rock chutes and technical rock features within a lush forest. For a challenging climb, tackle **Marys Peak** at 4,097 feet—the highest point in the Coast Range. The ascent involves a demanding 2,500 feet of elevation gain but rewards riders with 360-degree views of the Pacific Ocean, Willamette Valley and Cascade Range on clear days.

## ADAPTIVE CYCLING

As one of Oregon's cycling hubs, Corvallis is dedicated to creating biking opportunities for all. While efforts are underway to make the region's trails more inclusive for individuals with disabilities, these local spots provide accessible options for adaptive cyclists and visitors with mobility needs.

### Inclusive Trail Networks

**Bald Hill Natural Area**, a favorite among locals, features a selection of wide, flat paths ideal for adaptive cycling or outdoor mobility devices. The paved **Multi-Modal Path** connects Bald Hill to the heart of Corvallis, creating an inclusive route for riders of all abilities. For a longer loop, riders can add the **Midge Cramer Path**, a smooth, ADA-compliant surface perfect for handcycles or adaptive bikes that has the added charm of traveling through the Irish Bend Covered Bridge.

## HAZELNUT TRAIL

Corvallis and its environs transform the humble hazelnut into a gastronomic adventure. With Oregon State University's breeding and research program, Corvallis is the hub of Oregon's hazelnut heritage and contributes to the Willamette Valley's acclaim as the United States' leader in hazelnut production.

### Morning Delights

Start your morning at **Coffee Culture** with a hazelnut scone and latte, or boost your coffee of choice with a shot of hazelnut syrup at **Greenhouse Coffee + Plants**, **Bodhi Bistro** on First Street or **Bodhi Cafe** on Second Street. On summer Saturdays, meet **Filberts R Us** at the farmers market for local hazelnut treats or order online. And **Oregon Coffee & Tea** is a must-stop for its popular hazelnut-blend teas.

### Afternoon Nibbles

Ease into the afternoon with lunch at **Squirrel's Tavern**, featuring Rogue's Hazelnut Brown Nectar ale. Or dine at **Castor Kitchen + Bar**, and taste regional hazelnuts woven into seasonal dishes. Don't miss **Burst's Chocolates** for its Hazelnut Beavers and brittle. Then drive to **Peoria Road Farm Market** (open mid-April to November) for Hazelnut Hill snacks, and get a glimpse of OSU's research orchards en route.

Continue your culinary journey at **First Alternative Natural Foods Co-Op** for bulk hazelnuts and hazelnut trail mix to bring home for continued enjoyment. From May to November, explore **Tye Wine Cellars'** 30-acre hazelnut grove and hiking trails. Then refuel at **Block 15 Brewery & Tap Room** where hazelnut-inspired food and local craft beers meet mountain views.

### Nut-inspired Evenings

Conclude your hazelnut adventure at **del Alma** where Latin American cuisine meets Pacific Northwest ingredients, and rich hazelnuts add local interest to creative dishes. Or visit **Corazón** for intimate wine pairings and tapas with seasonal hazelnut offerings.
